Tennessee Department of Human Services Announces Grant to Eagles Nest

WEST TENNESSEE, May 10, 2023 - Eagles Nest is eager to begin this new chapter of service to the community. We are proud to announce we have recently received the TANF Families First Community Grant to assist the Tennessee Department of Human Services with meeting their goal of providing long-term benefits to low-income families and help them move towards economic stability. These funds will assist our project with serving the needs of families (parents and children) throughout our service area of rural West Tennessee by providing family centered workshops, marriage seminars, psychodrama (social family case studies-simulations) and therapy, utilizing an evidence-based curriculum, recognized by SAMHSA.

"We are incredibly honored to receive this significant grant," said the spokesperson for Eagles Nest. "This award will enable us to expand our services and deliver on our commitment to provide comprehensive support to those most in need in our community. Our goal is to not only meet their immediate needs but to empower them to achieve long-term economic stability."

About Eagles Nest

Founded in 2004 in North Carolina, and incorporated in Tennessee in 2015, Eagles Nest is a Licensed Mental Health and Substance Abuse Agency committed to providing quality community-based, family inclusive services such as: Parenting Education, Behavioral Health (Individual, Group and Family Therapy) and Substance Abuse Services. Our mission is to meet the needs of individuals and build competencies relevant to enabling them to become functioning families of society along with avoiding poverty, abuse, and unnecessary foster care while establishing the family unit.

"This project is funded under a Grant Contract with the State of Tennessee."
